Oscar came to live with us in September 1991, to us he was like one of our children, we miss him a lot but he did live a long and productive life. In 1991 he became WYCH, and went on to win many titles in Europe and the USA. His legacy will live on by all his sons and daughters.

We would like to say thank you Patrick and Chantal for letting Oscar come live with us, he was a really special part of our lives, and our thoughts and our love are with him every day. We miss you boy. We hope everyone who owns a dogue has felt the love and joy that this wonderful breed can bring into ones life.
