Haley is from our second litter. She was raised by another family and came back to us at age 3. She always has been full of energy with a high prey drive. Haley was never fond of the show ring, however she attended the 2003 & 2007 DDBSA Nationals and won her class both times. Her sound & athletic build earned her 7 Healthy Star Awards. She is a very loving girl and the current matriarch of our household. Haley gave us two beautiful litters and is pictured above with her grandson. She is enjoying her retirement by chasing rabbits, always being the first one on the couch and making sure not one piece of kibble goes to waste!
