Achievements: 2nd place Spay/Neuter Class at the 2003 DDBS Nationals. Being the Diddle!

Diddle was the runt of our first litter. He has always been our loving pet who was neutered at a young age. He was born with a severely kinked tail which was later docked (per our vet's recommendation). He was very special from day one and always leaves a big impression on anyone who has ever come in contact with him. Diddle has a very unique, sweet & comical personality. He is currently the "man of the house" and keeps all the other dogs in line. He loves to holler (in his own Diddle way) at the younger dogs when they get out of line, and always lets it be known when something in the house is "out of place". We had the pleasure of showing Diddle in the spay/neuter class at the DDBS Nationals in TX. Diddle pranced around the ring like a seasoned champion. It was one of the most memorable show moments ever, and will hold a special place in our hearts forever.
